

Photos required for

Commercial Property Insurance Carriers

Photos must be taken within the last 14 days and cannot be taken from an online source (i.e. Zillow). Photos must be taken with a cellphone due to the built-in timestamp.

Required Photos

- **Front of Property Photo:**
 - Clear View: Ensure the photo clearly shows the front of the property.
 - Visible Address: If the property number or address isn't visible on the building, include a separate photo of the address marker with the property in the background.
- **Back of Property Photo:**
 - A clear, complete view of the back of the property.
- **Property Sides Photos:**
 - All sides of the property must be photographed to give a full perspective.
- **Roof Photo:**
 - The clearest photo of the roof possible, taken from the street view.

Other Photos

- **Other Structures:**
 - Photos of separate structures like detached garages, barns, or gazebos are important.
- **Larger Properties:**
 - For larger properties, around 8 to 10 photos from all angles, including any extra structures, are required.
